THE CAMP COURIER:

Fetching the latest Dog Camp news

June / 2024 / Vol 2

Shedding is a good thing even if your Roomba begs to differ!

It's so important to brush and groom your dog because it removes their loose undercoat allowing air to get to their skin making them much cooler. Keeping the topcoat prevents heat/sun from reaching their skin.

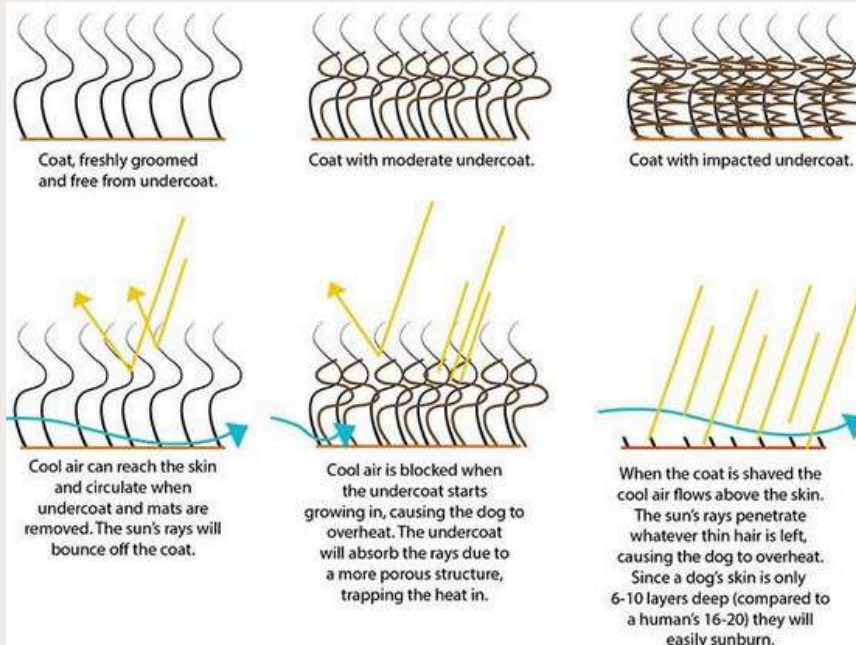

A packed coat results from an undercoat that hasn't been brushed out. Regular brushing will help prevent matting and leave your

dog's coat shiny and mat free. Natural oils are then spread through-out your dog's coat and skin maintaining its health and luster.

Grooming involves regular baths and brush outs every 4-6 weeks which allows the undercoat to release, and your dog's skin can breathe.

9 Dog Breeds that Shed the Most

- Akitas
- Bernese Mountain Dogs
- Boston Terriers
- Chow Chows
- Corgis
- German Shepherds
- Labrador Retrievers
- Newfoundlands
- Siberian Huskies

The Rainbow Bridge

The author of the famous, "Rainbow Bridge" poem was recently found. Her name is Edna Clyne-Rekhy, an 83-year-old Scottish artist who wrote the poem when she was 19 years old after the death of her Labrador Retriever, Major. At the suggestion of her husband, she typed out copies and gave to friends. Those copies got passed around, the equivalent of going viral in the pre-internet age. Then in 1994, the poem appeared in a "dear Abby" column with a note asking if anyone could verify the authorship. The poem has always been attributed to, "Anonymous". That is, until now!

The loss of a beloved pet is excruciating. The grieving process is unique and personal to all.

To honor all of our lost pups, DOG CAMP is beautifying a Pet Memorial Garden (on the left, near the day care parking area). We even have our own Rainbow Bridge. The Memorial Garden should be completed this month.

We want this to be a special place of peaceful remembrance and reflection for those of us remaining on this side of the Rainbow Bridge.

**JUNE 21st is
“Take Your Dog to Work Day!”**

National Take Your Dog to Work Day is celebrated annually on the Friday following Father's Day

TYDTRDay was first celebrated in 1999. 2024 marks the 26th annual event!

The event encourages employers to experience the joys of pets in the workplace for one day to support their local pet communities.

Dogs brighten up even the best days so it's obvious they will up the fun factor at work!
